From Ordinary to Extraordinary

a 2.5 day intensive creative wedding photography & lighting workshop

At a time when everyone carrying a DSLR is a wedding photographer, differentiating ourselves from our competitors is the only way to get to the top of the pile. Ironically, the safest bet is to take risks and be extraordinary. Photographers often moan about how they could produce better pictures if their brides looked more like cover girls or the backdrop was set against a five-star location. However, Louis will show you ways to create extraordinary images in seemingly mundane settings that will exceed your clients' expectations and have them raving about you.

Louis Pang

1st place winner of the Wedding & Portrait Photographers International (WPPI) 2007 8x10 print competition, Louis is a highly sought after photographer in Asia. Louis travels to Australia, Hong Kong, India, Philippines, Singapore, Thailand, and all over Malaysia for wedding assignments. He was also appointed an Epson Stylus Pro, an elite fraternity of top professionals who are selected for their artistry excellence and technical know-how in digital imaging.

Topics covered in this workshop:

- Learn how a camera reads lights and shadows
- How to build a creative-library for new ideas and inspiration
- Shooting from the hip and thinking on your feet
- Using depth and negative space
- Outdoor & indoor on-location lighting
- Single light source portraiture
- Working on multiple flash lights remotely
- Posing and directing that creates natural & sexy-looking images
- Visual and emotive communication with our clients
- Practical tips on disarming our clients self-consciousness & relaxing them for a shoot
- Three sessions of outdoor location shoots with models where Louis will walk you through his thinking process & demonstrate his techniques. Attendees will be shooting under the guidance of Louis as well

What to bring:

- A DSLR camera
- Camera instruction book or manual
- Lenses: a wide angle, 24-70mm or 50mm 1.4 or 1.8, or 85mm 1.4 or 1.8 (these are preferred lenses, not absolutely required for this class)
- A flash
- A reflector
- Note pad and pen, so you can take your own notes
- A laptop installed with Photoshop CS2 or CS3

Limited to 20 participants only
